**RE: Notice of Location Closing Pursuant to the Worker Adjustment Retraining Notification Act**

To Whom it May Concern:

CPC Special Logistics East, LLC ("CPC") is providing you formal notice under the Worker Adjustment and Retraining Act ("WARN") that it is in the process of ending its operations at the Windsor, Connecticut Walgreens Distribution Center located at 80 International Drive, Windsor, Connecticut, 06095, and all domicile locations that are assigned to this Distribution Center. As a result, CPC will be permanently laying off all CPC employees assigned to or reporting to this location and its associated domicile locations. Walgreens has notified CPC that the final day of operations under CPC's contract with Walgreens at the Windsor, Connecticut Distribution Center and associated domiciles will be on or around January 30, 2027.

Please note the following information:

1. The date of the layoff is on or around January 30, 2027. The exact date of the closure is subject to change based on operational necessities and future developments.

2. Walgreens has indicated it will not be extending its contract with CPC at this location. As a result, all of CPC's contracted work at this location will terminate, resulting in the closure of CPC's operations and resulting layoff of all CPC employees assigned to or reporting to this location and its associated domicile locations.

3. The closure is considered to be permanent.

4. Approximately sixty-six (66) commercial motor vehicle drivers, one regional manager, one safety manager, and one administrative assistant assigned to this location and associated domiciles are expected to be laid off.

5. No bumping rights or reemployment rights exist for affected employees at this location.

6. CPC employees are welcome to apply for any open positions at other CPC locations for which they would like to be considered. CPC is unable to offer job placement assistance at this time, but it is CPC's understanding that the contractor that will be responsible for employing and managing drivers at this location and its associated domiciles may be accepting applications for employment, which could provide job opportunities for affected drivers. However, CPC is not affiliated with this contractor and has no control over whether CPC's drivers will receive a job offer from the contractor.

For further information, please contact CPC Logistics, Inc. General Counsel Hunter LeGear, Esq., (314) 542-2266, h.legear@cpclogistics.com.
